

a time to remember:

# MARCH NINETEENTH NINETEEN EIGHTY SEVEN

Over 900 Sun City West people have worked hard, some for several years, on some major projects that all came together a couple of weeks ago in the groundbreaking ceremonies for our new community services building. And, in one way or another, thousands more have participated with their support and enthusiasm.

Bob Williams, President, Sun City West Foundation, Inc.; Paul Tatz, President, Del E. Webb Communities, Inc., R.H. Johnson, Del E. Webb Foundation, Inc.

Augmenting generous grants from Del E. Webb Foundation, Inc. and a high level of cooperation by the Del E. Webb Communities, Inc. organization (including land donation), the Monte Carlo Carnivals and the Luminaria Festivals, along with other key efforts by individuals and groups, total a whole lot more than annual fun-and-games or observances.

**This year** this multi-faceted work takes functional form in the new facilities that begin to serve our entire community from day of dedication into many decades to come.

Your superb effort and follow-through made it all happen.

**Sun City West  
Foundation, Inc.**
